Double Protection

Fire departments are necessary and save much property, but they cannot be relied upon always. Although they may put out the fire water may do as much damage as the fire. Fire insurance protects you against the loss by fire as well as the loss by water damage. A fire insurance policy in a reliable company with a reputation for fair dealing and promptness is your best protection. We represent only such companies.

Quite a Change.

In 1846 the taxable property of Fulton county was valued at \$758,603. Average value of land per acre, \$3.97 and the male population over 21 years of age, was 764. Hickman at that time had a population of 500. At that time Hickman could boast of two churches (one Episcopal and one free for all denominations), 12 stores, 2 drug stores, 2 hotels, 4 physicians, 2 dentists, 6 lawyers, rectifying house 1 tan yard, 1 plough factory, 20 other mechanical shops and 1 newspaper, the Commercial Standard.

The exports for that year were 3000 hogheads of tobacco, 2000 bales of cotton, 200,000 bushels of corn, 10,000 bushels of wheat, 20,000 dozen of chickens and turkeys.

Think of the change.

No vacant business houses, no vacant dwelling houses in Hickman, notwithstanding the great demand for them. Surely this is a chance for somebody to get busy.

The ladies of the Methodist church are collecting all kinds of old paper which they expect to sell in a paper mill. If you have anything in this line to contribute, notify Mrs. Maggie Randle.

D. D. Carr, a prominent farmer of the Ducktown vicinity, had the misfortune to lose his tobacco barn and tobacco Wednesday night by fire. He had just filled the barn and began firing, and it caught and totally destroyed it.

Now-a-days when people want anything they look in the newspapers to find where to get it. If they want the services of a painter, a carpenter, a plasterer, or any other mechanic of tradesman, they expect to find a card in the paper. They look for it. If they find one the advertiser gets a job. Judicious advertising pays.

THE LAZY MAN

A lazy man is Amos Brown. The laziest man that lives in town. He has a son who dreams of fame. Because Leander is his name. But that is not the point at all. 'Tis this: When Brown his son would call.

He goes into the yard, does he, And shakes the slender tree. Why does he do that? Can't you guess?

He's calling: "O, Leander." Yes. But isn't he a lazy man?

Some people call him a "crazy man!"

Another frank of Amos Brown. That has been told all over town. He has a dogwood tree. Close to his house, where all may see. And he is timid in the night.

Afraid, you know, of sudden fright. No, if bold burglars prowled around, Brown never makes the slightest sound.

Because he knows the dogwood bark. Oh, isn't he a lazy man?

Some people call him "crazy man!"

And, worst of all, I've heard it said, He had an oak tree that was dead. Or nearly dead, but falling limb.

Not crashing though affected him. And he would never cut it down. For he was lazy Amos Brown.

He said he guessed he'd let it stay; 'Tis too big to cut away.

"Let it alone," he sighed, "the thing As like as not will leave next spring!"

Now, wasn't he a lazy man? Some people call him "crazy man!"

Governors are to be elected in 36 States this fall. Maine, Vermont and Arkansas will choose their executives in September and Georgia in October. Shock Felt Friday.

A special from Tiptonville, Friday, says: The people of this section were aroused from their slumbers at 4 o'clock this morning by the heaviest earthquake that has been felt for years. Dishes rattled in the shelves, houses cracked like they would be torn to pieces and there was a noise and a sensation similar to that produced by freight cars bumping together. Reelfoot Lake was formed by an earthquake ninety-nine years ago, and the shake this morning seemed to be a gentle reminder that old terra firma was loosening up and getting ready to celebrate the one hundredth anniversary of the occasion. The shock was also felt very distinctly in Hickman.

A concrete crossing is being put in between the Hickman Wagon Co. office and the St. Louis Furnishing Co. store.

There is one thing more we can say in its favor—the supporters—they are the Security Rubber Button—reliable, too. Metal parts cannot rust any more than the corsets.

THERE are many points worth noting about a Warner's Corset aside from its shape, which is conceded to excel—the pliant nature of the boning, its rustless virtue, and its service reliability. We guarantee it not only to fit well—but to wear as long as any fabric can wear, not to tear or to pull away from the boning, nor can the celluloid-tipped bones break or punch through.

Big Show Coming.

The W. I. Swain Show Company, known as the biggest, oldest and best equipped show of its kind in America will be in Hickman for one week commencing Monday Sept. 12 giving big city production under the largest rainproof pavilion ever constructed for similar purposes. W. I. Swain is the pioneer of this class of amusement, having branched out independently of the theatrical trust some years ago. Private railroad equipment independent lighting plant, private boxes and sofa seats, augmented orchestra and a band of solo musicians constitute some of the exclusive features of this enterprise. Their enormous seating capacity permits of moderate prices of admission and the merit of their productions fills the large capacity nightly.

Big Bank Thefts.

When the Bankers' Association of America convenes in Los Angeles, soon, steps will be taken to establish safeguards about banks which will prevent financial institutions from being looted in the future by unscrupulous officials and employees. Following are some of the biggest hauls made in the last few days:

Edwin Wilder, Cashier Russo-Chinese Bank, charged with the theft of \$600,000.

Officials of Denver Savings Bank, \$1,700,000.

T. Lee Clark, Enterprise Bank of Pittsburg, \$1,209,000.

Henry Riber, paying teller; John Young, Cashier, Farmers' National Bank, Pittsburg, \$1,105,000.

August Ropke, Fidelity Trust Company, Louisville, \$1,140,000.

Oliver M. Douglas, bookkeeper Trust Company of America, \$1,300,000.

G. S. Hixson, bookkeeper Union Trust Company, Pittsburg, \$125,000.

J. Howard Lowry, Cashier Utica National Bank, \$115,000.

The grand total of money alleged to have been stolen from banks and trust companies by officials and "trusted employees" in the past five years is over \$36,323,000.

LAND FOR SALE.

I have 10,000 acres of Fulton Co. land listed for sale, mostly bottom land, above and below Hickman. Also some West Hickman property, and a few hill farms and houses and lots—liberal terms. Now is the time to buy land. Values are lower in Fulton County than anywhere else. Will surely increase 25 per cent in the next twelve months. Call and let us show you what we have.

B. G. HALE.

We are informed that the Canadian thistle is flourishing in this county, and is now in blossom, and very soon the seeds will be blowing in every direction. It is a violation of the State law to allow one of these thistles to go to seed on your premises or in the public road adjoining same, and the penalty is a very heavy fine. Therefore we urge everyone to destroy these noxious weeds at once, and do not allow them to blossom.

STRAYED OR STOLEN: From my farm 4 miles east of Hickman, one brown Jersey cow; crop off right and split in left ear, branded on right hip "A1." connected. Any information will be liberally rewarded.—A. H. Leet.

Mr. Ambitious Man:

Isn't a vacant business lot on Clinton street worth \$2,000, or more? Well, if you can buy a lot in our new business section for from \$200 to \$300, can't you see that you will make big money if you swing on to it. Our lots are cheap because they are right in the heart of the producing end of the town, and the business located on our property is going to "GET THE MONEY." 525 men working at Mengels, employees of the Cotton Gins and Grist Mill, the farmers bringing their produce to the cotton gins, grist mill and Mengels; these are the resources which business houses located on our property will have to draw from and these are the backbone of trade. Draw a map of the town, locate the factories and gins and see if our Subdivision is not the heart, center and key to the business situation. Then think of the fact that we will sell you these on easy terms, and what an opportunity you have to make money. The foresighted wise man will invest.

RUSSELL JOHNSON.

¶ The successful bank of the future is the bank that today is gathering in and fostering the good will of the depositor of moderate means.

¶ The strongest banks of today are those that have been built on a policy that invited the "small deposits of the many, not the large deposits of the few."

¶ And so this outlines the policy of The Peoples Bank. We offer practical encouragement in our Savings Department, and wish to assure you that, no matter how small your account is your business will be appreciated, and shall have our careful consideration.

COTTON GOES TO 20c

MOST SENSATIONAL ADVANCE
RECORDED ON EXCHANGE.

Net Profit of \$2,000 on Every 100 Bales
August Cotton—Bears Forced to
Bid Fabulous Prices.

New York—The most sensational advance in cotton that has been recorded since the close of the Civil War occurred Monday on the local cotton exchange. Millions of dollars were made and lost in as many seconds. The gambling in cotton, if it may be so called, was devoted to what is known as August deliveries. William P. Brown, who led the aggressive bull movement, is said to have cleared up somewhere between \$2,000,000 and \$3,000,000 on the day's transactions, but Mr. Brown is a clean cut, well built, courteous Southerner with big brown mustache, and notwithstanding his gyrations in the cotton pit for a matter of three hours in the most strenuous day of the existence of the cotton exchange, he emerged from the ring without so much as a wilted collar.

More August cotton has been contracted for than could by any possible chance be delivered. When the market opened Monday morning both the bears and the bulls admitted the accuracy of this statement, and forthwith came a battle royal.

It is admitted that on every 100 bales of August cotton purchased at the price prevailing on Saturday there was a net profit of \$2,000.

The bears, driven to their wits' end to make good their contracts, were forced to bid what a few weeks ago would have been regarded as fabulous prices for the Southern staple. The bulls, represented by William P. Brown, Frank B. Hayn, Eugene G. Scales and one or two others who maintain a minor position in the bull clique, were confident of their position, having in the port of New York, in docks and in storage warehouses and in transit to this city somewhere between 100,000 and 125,000 bales of this most valuable commodity.

Spokane, Wash.—Disaster as appalling as that which swept the region of Wallace and Avery a week ago threatens the whole of the valley of the Upper St. Mary's river in Northern Idaho.

Seven hundred men, employees of the Coeur d'Alene Timber Protective Association, are fighting fires that are eating into the heart of the timber. If a wind rises before the rain comes nothing can save the timber.

These forests are probably the finest in the world, and all are patented. More homesteaders have deserted their claims and they were all warned by the association; it is improbable that all heeded the advice.

Owens Too Much Land.

The famous Miller estate in California has been augmented by the purchase of the Lax estate for \$5,000,000. Miller now owns 600,000 acres in California, 200,000 in Oregon. On this land there are 1,000 miles of canals and ditches, 250,000 head of cattle and 250,000 sheep. The estate cuts through the center of California embracing nearly a third of the best part of the state. It was secured largely through series of frauds. It appears that after all the bonanza farm is not a thing of the past.—Wyone, Ark. Progress.

This is too much land for one man to own. It ought to be divided and give hundreds of poor but deserving young farmers a chance to buy a small farm off it.

POSTAL BANKS NOVEMBER 1

Trustees of System Are Planning to
Install From Twenty-Five to
Fifty on That Date.

Washington, Aug. 30.—The trustees of the postal savings bank system are planning to install between 25 and 50 banks in as many sections of the country by the first of November.

The service at first afforded will necessarily be limited, in as much as congress appropriated only \$100,000 with which to inaugurate the whole system. Out of this sum the preliminary expenses, such as providing forms, stamps and instructions, must be paid. There will be little left for any other purpose.

Fulton Firm Fails.

On last Saturday night at a late hour the large stock of confectionery goods, cigars, soda fountain and in fact the whole business of the firm of Lewis & Tucker fell into the hands of R. M. Chowning.

The public in general is very much in sympathy with the gentlemen composing the above named firm and sincerely hope that an adjustment of affairs can be brought about and that they can continue in business for they are both nice, clean, accommodating gentlemen, and a firm of this kind is needed in Fulton. We do not know the cause of the failure.

At this time the liabilities are given at \$8,100, and it is impossible to give the assets at this time with any degree of certainty.—Fulton Tribune.

A Surprise Wedding.

Tuesday night at 10 o'clock, at the home of the bride, Miss Lucy E. Rice and Jas. W. Mayes, two of the popular young people of this section, were united in marriage, Rev. G. W. Wilson officiating. To say the least, the wedding came as a great surprise to the friends of the contracting parties. Only the immediate families of the couple witnessed the ceremony. After the serving of dainty refreshments, the happy couple boarded the train for St. Louis, Chicago and other points, where they will spend several days.

The bride is a daughter of Mr. and Mrs. T. M. Rice, of near State Line, and is one of the sweetest and most charming little ladies of the county. That she will make the man of her choice a good wife goes without saying.

Mr. Mayes is one of the finest young men of our acquaintance—sober, honest, industrious and full of business. He owns one of the best farms in Fulton county, and knows how to manage it. He is a son of Mrs. Jno. Mayes and well known throughout this section.

In Memoriam.

Whereas, death has removed from our midst our friend and brother, Roland L. Auberg, who was about to enter upon a large field of usefulness in the practice of the law, having well qualified himself, for the same;

And whereas, he was an exemplary Christian character and a faithful and promising member of the Methodist Church and loved by all who knew him;

And whereas, he manifested an interest in our work, having met with and assisted us on various occasions;

Therefore, be it resolved:

First, that we, the Ministerial Association of Hickman, do hereby express our sincere regrets in that we have lost from our midst a character that had already accomplished much good and had promised to reach a greater degree of usefulness.

Second, that a copy of these resolutions be furnished the Hickman Courier for publication, also a copy be furnished the Nashville Christian Advocate for publication and that a copy be sent to the family.

That a copy of these resolutions be spread upon the minutes of the association.

Portuguese Merchant, a Human Vampire, Says He Followed Advice of Gypsy.

Lisbon, Aug. 30.—An actual human "vampire" is under arrest in Lisbon, in the person of a merchant named Don Salcarray. He is said to have confessed the murder of the young son of a blacksmith and to have drunk the child's blood.

In explanation, Salcarray said he was a sufferer from pulmonary trouble and that a gypsy advised the drinking of human blood from the victim. The gypsy had offered a number of cures that effected Salcarray's recovery to be taken.

Killed in Runaway.

John Shaw, of Hamburg, was fatally injured in a runaway at Hamburg Sunday night, dying from his injuries about noon Monday.

Mr. Shaw, who was a merchant in Hamburg, had figured quite frequently in the night rider raids in that vicinity, and at one time having been forced to furnish the oil and coal to the fish docks at Hamburg, had just driven into the city, when he happened to pass the house of a physician's office, where he was employed until his death without regaining consciousness. Early Monday morning it was decided by the physician that an operation would be necessary for even the slightest hope of his recovery, but he died before the operation could be completed.

Shaw having been forced to take the docks, Mr. Shaw was on two occasions whipped by the night riders and forced to give up an interest in the West Tennessee Land Company, which claims to own the land under the penalty of death if it failed to do so.

Mrs. Spann Dead.

Mrs. E. P. Spann, of this city, died Saturday after a three weeks' illness of stomach trouble, and the remains were taken to Greenfield, Tenn., for burial Sunday.

Deceased is survived by her husband and three small children, who have resided here for about three years. Mr. Spann is an employee of the Hickman Wagon Co. Beyond the fact that the family came here from Greenfield and are highly respected in this city, we are unable to give further particulars.

The bereaved husband and little ones have the sympathy of the entire community.

THE SIMPLIFYING SPELL

Spelling long words oft reminds us. We could make each page sub-line. But each inspiration finds us. More than puzzled half the time.

oft we stumple over success. Asking, "Is it 'a' or 'e'?" In the grand old days of Chaucer No such tests as this could be.

From old Chile to Siberia. Countless pens are held in air. While folk try to spell diphtheria. And give up, and pause to swear.

Let us break the galling fetters. With which now our hands are bound. Emulate our alpha-betters. Let us spell things as they sound.

What? It does not interest you? You would keep things as they are? You are anxious to suggest you think we're apt to go too far?

Spelling's real, spelling's earnest. Perfect must be its goal. And whosoever way thou turnest. Newer forms are seen to roll.

Let us get up competitions. Give out words involved and long. With the high and prized positions. For the ones who spell them wrong.

Welsler, Johnson, Murray, Worcester—Let us put them out of print; Let us each one be a booster—Let us mispell without stint.

Ten years in the future, maybe. We will have it all worked through. So that any little baby Can spell what it wants with "Gee."

Lexicographers, we'll do it! We'll attain that goal, and then Take each language and go through it And mispell the words again.

MILLET & ALEXANDER

The Wagon Factory.

The new office building and paint
shops and warehouse for the Hek-
man Wagon Co. is about completed
and Col. Dodds informs a Courier man
that they expect to do some chang-
ing up the latter part of the week.

The paint shops, which have been
in East Hickman for a number of
years, will be moved into new quar-
ters. Heretofore all wagons had to
be hauled to East Hickman for paint-
ing, which necessitated a great ex-
pense, and being finished there, they
were, of course, shipped from that
point. If shipped by boat it was
necessary to haul them back again.
By the present arrangement, wagons
will be made complete almost under
the same roof, and put aboard the
cars right out of the warehouse, a
new switch having been built for this
purpose.

The office will also be moved to
the new room built for the purpose
under the warehouse roof. With
bank fixtures and all modern con-
veniences, it will be one of the most
complete and up-to-date offices in the
city.

If Dodds ever did do things by
halves, he has quit that way of do-
ing. The factory is getting improve-
ments and new machinery wherever
it is half-way needed. Not only is
the plant being made better, but the
wagons are being made best. A bet-
ter lot of timber and workmanship
doesn't go into any wagon made. If
a man is skeptical about the mater-
ial that goes into a Hickman wagon
he should visit the factory and see
the wagons in process of making.
We feel sure that the management
will be glad to show you through. It
will convince you that their product
is not sappy or "pecky" timber cov-
ered with paint. You will also see
a busy and interesting place.

The company is not only making
wagons, but selling them. Mr. Dodds
inaugurated a real live advertising
campaign throughout their immediate
territory, putting advertisements in
most of nearby local papers (includ-
ing the Great Religious Weekly,
which you are now reading, and
which contains one of those ads that
will interest you if you need a wag-
on) and new business is coming from
all directions. Foreman Hertweck
says it begins to look like the 10-
hour day will not be sufficient to
take care of their increasing orders,
but assures us that the trade will be
looked after if it is necessary to
run all night. A gentleman drove 40
miles Saturday to get a Hickman
wagon, but the factory was closed
when he got here. Bright and early
Sunday morning the man hunted up
the wagon men, only to learn that
some were church members, others
Democrats, and they rather hesitated
about rolling out a wagon on the
Sabbath. It is evident, however, that
there is one man in the firm that
sees no harm in getting the "ox out
of the ditch," because the customer
got home that night in new Hickman
wagon in time to take his family to

church.

All this just goes to show that
folks are taking to the Hickman wag-
on—that they're going to have them.
We are glad to see the business
growing. It's a splendid enterprise
and worth much to Hickman.

WORTH MOUNTAINS OF GOLD

During Change of Life,
says Mrs. Chas. Barclay

Graniteville, Vt.—"I was passing
through the Change of Life and suffered
from nervousness and other annoying
symptoms, and I can truly say that
Lydia E. Pinkham's Vegetable Com-
pound has proved worth mountains
of gold to me, as it restored my health
and strength. I never forget to tell
my friends what Lydia E. Pinkham's
Vegetable Compound has done for me
during this trying period. Complete
restoration to health means so much
to me that for the sake of other suf-
fering women I am willing to make my
trouble public so you may publish this
letter."—Mrs. CHAS. BARCLAY,
R.F.D., Graniteville, Vt.

No other medicine for woman's ills
has received such wide-spread and un-
qualified endorsement. No other med-
icine we know of has such a record
of cures of female ills as has Lydia E.
Pinkham's Vegetable Compound.

For more than 30 years it has been
curing female complaints such as
inflammation, ulceration, local weak-
nesses, fibroid tumors, irregularities,
periodic pains, backache, indigestion
and nervous prostration, and it is
unequaled for carrying women safely
through the period of change of life.
It costs but little to try Lydia E.
Pinkham's Vegetable Compound, and,
as Mrs. Barclay says, it is "worth moun-
tains of gold" to suffering women.

GIRLS' DRESS.

Paris Pattern No. 3322. All Seams
Allowed.—In our illustration we show
a sailor suit which combines the ut-
most simplicity with some of the novel
features of the season. The blouse
has the Gibson tucks at the shoulders
and closes down the center of the
front. At the neck is a shaped open-
ing around which the large collar is
placed. Inside this there is also a
shield finished with a small standing
collar. Both the shield and the stand-
ing collar may be omitted if desired.
The sleeves are of bishop design and
may be worn long or short. They
are finished by a shaped band fastened
with a button. The skirt is plainly
gathered all around the waist and is
attached to the waist beneath a belt.
The opening of the skirt is in the
center of the front, forming a continuous
line with the opening of the waist.
The pattern is in 4 sizes—4 to 12
years. Size 8 years requires 3 1/2 yards
of material 36 inches wide.

To procure this pattern send 10 cents
to "Pattern Department," of this paper.
Write name and address plainly, and be
sure to give also and number of pattern.

DAILY DIET HINTS

By DR. T. J. ALLEN

Food Specialist.

FOODS WHICH DIGEST HAR-
MONIOUSLY.

Some foods are especially in-
harmonious, such as milk and
meat or beans and apples, be-
cause meat and beans digest
principally in the stomach, and
apples and milk principally in
the intestines. All cereals are
compatible, all solid fruits, all
sugar fruits, all vegetables hav-
ing tap roots (turnips, rad-
ishes, parsnips), all green vage-
tables (lettuce, cabbage, celery,
etc.). Dried and milk are not
especially harmonious, but the
bread, especially if stale, breaks
up the curds of the milk, which
are difficult to digest when
taken in the form of sweet milk
(buttermilk is better). The
system must adjust itself to the
digestion of each particular
food, and when several are pre-
sented at once the digestive
problem is proportionately com-
plicated. It has been shown
by Pavlov, the Russian chemist,
that the system secretes the
particular digestive fluid re-
quired by each particular food
eaten.

RIGHTS DENIED STRIKERS

MAY HAVE NO DISCUSSION OR MEETING PLACE.

Indiana Judge Virtually Forbids Railroad Machinists Talking of Affairs.

Washington, Ind., Aug. 30.—Judge Houghton of the circuit court, sitting in chambers, issuing a restraining order against the striking machinists recently in the employ of the Baltimore & Ohio Southwestern railroad. The order is said to be the most sweeping ever issued in the state, even prohibiting the strikers from maintaining a picket line or headquarters in which to congregate.

It bars interference with the strike breakers for the purpose of seeking members for the union, forbids conversation with any members of a strike breaker's family and puts a ban on any sort of assembling.

In fact, it virtually forbids the discussion of strike matters by the strikers. The document covers 12 pages of typewritten paper and deals with the story of the strike from its inception, recounting the many alleged acts of violence.

ELECTIONS SEPT. 6 AND 12

Will Be First Measuring of Strength of Political Parties in the East.

Boston, Aug. 30.—The political attention of the country gradually is being focused on New England, where, early in September, the first measuring of strength between the republican and democratic parties in the state elections of 1910 will take place.

Vermont, on September 6, and Maine, on September 12, will select state officers and indicate their preferences for representatives in congress. In each state also there will be chosen members of the legislature, who, in turn, will elect a member of the United States senate.

On the same day as the Vermont election, New Hampshire will hold her first statewide primaries and the first under a direct primary law affecting an entire state to be held in the East. Massachusetts will hold primaries on September 27.

State conventions will be held in Connecticut in September and Massachusetts and Rhode Island in October.

Remember we have moved temporarily into the Harry Building—Hickman Plumbing & Tinning.

Wiggs in Jail.

O. L. Wiggs, a resident of this city and a well known shoe salesman, was arrested in St. Louis last Thursday afternoon by Detectives Kenna and Ferle, on a charge of embezzlement and forgery, made by a business man of this city.

Sheriff Goulder Johnson went to St. Louis after Wiggs and returned with him Monday evening. In default of bond, he was placed in the county jail to await trial, which will be had at the September term of Clinton Circuit Court. Mr. Wiggs returned without requisition papers, and claims that he will be able to explain everything.

There seems to be considerable worthlessness paper along his trail of the past few days. It is alleged that among other things, he drew a check on the Washington bank of St. Louis payable to himself, for \$1,995.10 and signed the name of Hamburger Bros. to it—a shoe firm which he has been representing. Being unable to cash the check, it is said a well known Hickman lawyer advanced him \$50 and held the check as security. Investigation proved that the check was worth considerably less than the \$50.

T. N. Thoskeld, of Cairo, formerly clerk on the Steamer Liberty, is one of the last and least complainants. He writes that he met Mr. Wiggs while running on that boat when it came to Hickman, that a few days ago he accommodated Mr. Wiggs with a five spot and took his check on the Farmers & Merchants Bank, of Hickman. The check came back to him marked "no funds."

Other rumors would indicate that the Hamburger Shoe Co. will come up about \$600 or \$800 short, and that this gentleman is wanted worse in Missouri than in Kentucky.

Mr. Wiggs has resided here about five years, and married a Hickman girl.

To what extent he is involved will not be known until the matter is given a legal sifting. At any rate, Mr. Wiggs will have to face serious charges in September.

When Schuidt makes you a suit he keeps it pressed FREE for two months.

THREATEN LIFE OF WITNESS

Theophil Reuther Says Ostermann Tried to Kill Him.

Chicago, Ill.—Resumption of the hearing of charges against Frank B. Harriman, Charles L. Ewing and John M. Taylor, former Illinois Central railroad officials, accused of car repair frauds, developed sensational evidence in Judge Bruggemeyer's division of the municipal court. Theophil Reuther, a former director of the Ostermann Manufacturing Company, one of the repair firms charged with grafting from the railroad, declared on the witness stand that he had been told that the late Ira G. Hawn held 2,000 shares of the Ostermann Company stock.

Reuther testified that Ostermann said he gave Hawn the shares in consideration of an order for 10,000 car doors.

Previously to giving this evidence regarding the alleged stock transaction, Reuther related a story of an encounter with Ostermann, during which he declared that Ostermann threatened to kill him if he told of the transactions between the Illinois Central railroad and the Ostermann company.

Bewely is said to have opened the fight when young Rawls and Ben Jordan started to pass his house.

The Sabbath Question.

This subject is recognized by divine and civil governments as one of much importance to all communities; and circumstances here make it especially so to Hickman and vicinity. Disregard for the Sabbath has become so extensive, and with many, the law seems to be dead in its records.

With a hope of reaching people through the press as well as from the pulpit, I now purpose furnishing the Hickman Courier with two or three articles and thus try to encourage among our people a more healthy sentiment.

This first article will be confined to the Bible presentation of the subject so it may be rather dry, even to careful and interested readers, yet I insist upon a thoughtful consideration of it. I wish to impress the readers with the emphasis God, Himself, through His word, puts upon the subject, and my statement shall be clear, concise and, I hope, helpful to all who want to know the truth. There is much scripture upon the subject, but I give only a few passages.

The original institution of the Sabbath is seen in Gen. 2:1-3, "Thus the heavens and the earth were finished, and all the host of them. On the seventh day God ended His work which He had made; and He rested on the seventh day from all His work which He had made. And God blessed the seventh day and sanctified it, because that in it He had rested from all His work which God created and made." Ex. 20:11, "For in six days the Lord made heaven and earth, the sea, and all that in them is, and rested the seventh day; wherefore the Lord blessed the Sabbath day, and hallowed it." Then we find in many passages traces of its observance in the patriarchal period. Then in the travels of Israel through the wilderness God miraculously supplied the people each day with sufficient bread for one day, until the sixth day when he supplied enough for two days; and God instructed Moses to say to the people—Ex. 16: 22-30, "Six days ye shall gather it; but on the seventh day, which is the Sabbath, in it there shall be none. See, for that the Lord hath given you the Sabbath, therefore He

giveth you on the sixth day the bread of two days; abide ye every man in his place, let no man go out of his place on the seventh day."

Then the Sabbath was enjoined at Sinai, Deut. 5:12-13-14, "Keep the Sabbath day to sanctify it, as the Lord thy God has commanded thee. Six days thou shalt labour, and do all thy work. But the seventh day is the Sabbath of the Lord thy God; in it thou shalt not do any work, thou, nor thy son nor thy daughter, nor thy man-servant, nor thy maid-servant, nor thine ox, nor thine ass, nor any of thy cattle, nor the stranger that is within thy gates."

Get its national significance in Ex. 31:13-16, "Speak thou also unto the children of Israel, saying, Variously say Sabbaths ye shall keep, for it is a sign between me and you throughout your generations; that ye may know that I am the Lord that doth sanctify you. Wherefore the children of Israel shall keep the Sabbath, to observe the Sabbath throughout their generations for perpetual covenant." Ezek. 20:11-22-20, "Moreover also I gave them my Sabbath, to be a sign between me and them, that they might know that I am the Lord that sanctify them. And hallow my Sabbaths; and they shall be a sign between me and you, that ye may know that I am the Lord your God." Here God states that the Sabbath is intended to serve as a sign of the covenant between Him and His people, and that they might know Him as their God, and obey His statutes and judgments, and so live in them. Then who can estimate its importance, and who can afford to disregard the Sabbath? It was to be a day of holy rest, and convocation for worship as seen in Lev. 23: 3, "Six days shall work be done, but the seventh day is the Sabbath of rest, a holy convocation, ye shall do no work therein." Blessings were promised in its observance, Isa. 56:2, "Blessed is the man that doeth this . . . that keepeth the Sabbath from polluting it," Warnings were given against its violation, Jer. 17:27, "But if ye will not hearken unto me to hallow the Sabbath day, and not to bear a burden, even entering in at the gates of Jerusalem on the Sabbath day (to sell and buy goods) then will I kindle a fire in the gates thereof, and it shall devour the palaces of Jerusalem, and it shall not be quenched." Ex. 31:14, "Ye shall

keep the Sabbath therefore, for it is holy unto you. Everyone that defileth it shall surely be put to death, for whosoever doeth any work therein that soul shall be cut off from among his people." This severity was necessary to impress upon those people and upon the coming generations, the sacredness of the Sabbath with its eternal benefits.

This became one of the ten commandments, and is so recognized in the New Testament, where its sacredness and obligations are repeated. Christ taught, by precept and example that the Sabbath was a day for holy rest and worship, and that on it works of necessity and charity and relief of the distressed were allowed.

So God's people all through the ages have observed this sacred institution, as of divine appointment, and in our day though its adversaries may mock and defame it, God's people should the more earnestly observe it, and be loyal to their Lord and His cause.

"Sure Cure"

"I would like to guide suffering women to a sure cure for female troubles," writes Mrs. R. E. Mercer, of Frozen Camp, W. Va. "I have found no medicine equal to Cardui. I had suffered for about four years. Would have headache for a week at a time, until I would be nearly crazy. I took Cardui and now I never have the headache any more."

Take CARDUI

The Woman's Tonic

The pains from which many women suffer every month are unnecessary.

It's not safe to trust to strong drugs, right at the time of the pains.

Better to take Cardui for a while, before and after, to strengthen the system and cure the cause.

This is the sensible, the scientific, the right way.

Try it.

The examining trial of John Keesucker, who shot and instantly killed Martin Leonard while Leonard was in the act of cutting Keesucker's mother with a knife at Samburg Aug. 14, was held before four magistrates at Samburg Thursday, resulting in acquittal, the magistrates being unanimous in their opinion that he was justifiable. Keesucker also accidentally shot his brother, who later died, and a woman, who was not seriously injured.

Household Hints.

Rain water and soap will remove machine grease from washable fabrics.

Fresh meat beginning to sour will sweeten if placed out of odors in the air over night.

Boiling starch is much improved by the addition of sperm or salt, or both, or a little gum arabic dissolved.

Milk which has changed may be rendered fit for use again by stirring in a little soda.

Fish may be scale densely by first dipping them into boiling water for a minute.

Applying kerosene with a rag when you are about to put your stoves away for the summer, will prevent them from rusting.

Charcoal is recommended as an absorber of gases in the milk room where foul gases are present. It should be freshly powdered and kept there continually.

A teaspoonful of borax put into the last water in which clothes are rinsed will lighten them surprisingly. Pound the borax so it will dissolve easily.

One teaspoonful of ammonia to a teacup of water, applied with a rag, will clean silver or gold jewelry.

Clear boiling water will remove tea stains; pour the water through the stains and thus prevent its spreading.

Salt will curdle new milk; in preparing porridge, gravies, etc., salt should not be added until the dish is prepared.

Kerosene will soften boots and shoes that have been hardened by water and render them pliable as new.

A teaspoonful of turpentine boiled with your white clothes will aid the whitening process.

Wetting the hair thoroughly once or twice with a solution of salt and water will keep it from falling out.

FREAKS IN CIRCUSES

People Are Strangely Fascinated by the Monstrosities.

When the "Domesticated Gorilla" Got the Show Into Trouble—Hot Water Spoils a "Mermaid" as Lincoyer Fakes.

London.—It seems strange that freaks, from the legless wonder to the two-headed calf, should possess such a strange fascination for nine people out of ten, yet this is undoubtedly the case.

Of course, there are many so-called freaks which have no business to be called by such an unpleasant name, for if one argues from the dictionary a freak is a monstrosity, and a monstrosity, in the generally accepted sense of the word, is something horrible. The giant and the dwarf are interesting and unusual, but certainly should not be called "freaks."

Hunchbacks were an exception to the rule, for all kinds of powers were attributed to them. There are some very sensitive people to whom the sight of anything in the nature of a monstrosity is absolute pain, and women are fortunately few and far between who fall in love with a monster because of his monstrosity, as in the case of Victor Hugo's "L'homme qui rit."

The ordinary individual comes across very few physical freaks, and one cannot but wonder whence the showman's rank and file are recruited. Perhaps, if the truth were known, more than half of the show freaks are "fakes." There are many good stories told of these sham freaks, who, owing to some contretemps, have "given the show away." The two following are good examples:

Among the freaks of a certain show was a "domesticated gorilla," to quote the handbills, and he proved one of the finest draws the show had ever had. After the performance one could have recognized the gorilla, as

The Tall Acted Automatically.

he then took the shape of a very quiet, ordinary little man. The public particularly enjoyed seeing the gorilla swing from the horizontal bar by his tail, an appendage which is very slightly developed in the species as a rule.

This tall was a masterpiece of ingenuity. It was made of flexible steel, and so contrived that when it took a turn around anything it locked into position until it was released by the gorilla touching a spring concealed somewhere near his waist. The thing worked splendidly for a long time, until one day the gorilla put his tail through the bars of his cage, and a lady standing by took hold of it.

Well, the tall acted automatically, as usual, and of course when she felt it tighten around her wrist the lady screamed. The gorilla pressed the hidden spring to no purpose. To make a long story short, the men standing by came to the lady's rescue, took hold of the tall and pulled it off. When the people saw the leather fastenings and buckles they "cleaned out the establishment."

The second story concerns a mermaid. She was no ordinary mermaid, but a "really high-class article," a very handsome young woman dressed from the waist down in blue and gold fishskin. The water in which she smoked, and sang, and sat on a rock coming her hair was kept tepid so as not to give her a chill, and this was what gave her enemies—the beautiful Circassian girl and the dwarf—a chance to injure her.

They were jealous because she attracted more attention than they did, so they hatched a plot, which the dwarf carried out successfully. One day he pretended to be ill, and got a day off, and just before the mermaid's performance he hid himself in the boiler-room. After the man had been down to see that there was not too big a fire, the dwarf set to and stoked for all he was worth.

The mermaid soon felt that something was wrong, but she stood it as long as she could. At last, however, she had to choose between being boiled or giving the thing away, and naturally she preferred the latter alternative; but, as the showman put it, the public said things that were "very discouraging" and the show had to move on.

Geo. W. Carter, of Union City, recently shipped two fine Berkshire pigs to New Orleans, where they were expected to Cuba. Mr. Carter says that he sold this season two thirds of a litter for \$125. From these figures it seems that raising fine hogs is quite a profitable business, and the wonder is that more of our farmers do not go in for hog raising.

Trial by Ordeal in Japan. Tokyo.—Trial by ordeal still exists in some parts of Japan. If a theft takes place in a household, all the servants are required to write a certain word with the same brush. The conscience is supposed to betray its workings in the waves of the ideograph written. Tracking an ideograph involves such an effort of muscular directness and undivided attention that the service often leads to the discovery of the guilty party. The test is, at all events, more humane than the ordeal by boiling water, to which accused persons were formerly submitted in Japan.

Purchase Expensive Snuffboxes. London.—The craze which sometimes possesses rich people to obtain curios was exemplified in London when seven snuff boxes brought \$20,000 each and the other five averaged \$10,000 each. None of the articles was worth very much intrinsically, their value resting in their age and associations.

Special Offer

We expect to put out a greater number of farm wagons around close to home this year than ever before, and in order to do this we are making the special prices below

2 1/2	Thimble Skein Wagon, with bed, at	\$50.00
3x9	" " "	52.00
3 1/2	" " "	55.00

Can furnish any height wheel preferred, the regular height, 42x52 inch, or the low 40x44 inch or special 37x46 inch. In the low wheel we specially recommend the 40x44 height, as they are well proportioned, very strong and durable.

Upon investigation you will find these prices from \$8 to \$12 under most all other makes, and at the same time we propose to give you a first-class light running wagon, made of bone-dry material throughout.

WE GUARANTEE EVERY WAGON right along side any other make for strength, light running, etc. Remember that while we are making extremely low prices, we propose to give you just as good a wagon as the other fellow is now charging you at least ten dollars more for.

Mr. S. L. Dodds, the proprietor, having his own timber and mills, is in position to build wagons for much less than those who are compelled to go on the open market for their supply of material. Being a large planter, Mr. Dodds uses a great number of wagons, and is in position to know just what style wagon suits the farmer best—and is now having wheels made with extra thick tires, deeper fellos, larger hubs and all other parts ironed in proportion.

Our foreman, Mr. Hertweck, and also our business manager, Mr. Baltzer, has been raised up in the wagon business, having been connected with this plant practically all their lives, and both are thoroughly familiar with the important points of wagon manufacture, and are using their every effort to put out a strictly first-class wagon that will best suit the farmer.

As a special inducement we will allow \$5.00 for this advertisement when cut from this paper and presented at our office, and accompanied by cash order for wagon during the month of September.

WHY PAY SEVERAL DOLLARS EXTRA FOR JUST A NAME, WHEN YOUR HOME FACTORY WILL FURNISH A WAGON AS GOOD FOR LESS.

Write us direct or come in and see us. We have a good stock of all size wagons on hand and will appreciate your business.

VOLUME 51—NO. 18
OLDEST PAPER IN WESTERN KENTUCKY

HICKMAN, FULTON COUNTY, KENTUCKY, THURSDAY, SEPT. 1, 1910.

WHOLE NO. 2420
ESTABLISHED IN THE YEAR 1860

Death of Roland Amberg.

Roland Litchfield Amberg, one of the brightest and most promising young men of this city, died at the home of his mother, Mrs. Alice Amberg, Friday morning at 5:30 after a three weeks' illness of typhoid fever. All that loving hearts and hands could do, proved of no avail, and the end came peacefully—the weary soul took its flight to the Great Beyond.

It was indeed a sad death.

Deceased was born in Hickman April 22, 1884. After finishing the Hickman schools, in 1901, he prepared for college at the Union City Training School, and entered Vanderbilt University in the fall of 1902. In 1904 he graduated with the degree of Bachelor of Arts, and the following year received the postgraduate degree of Master of Arts. His years at Vanderbilt were marked by an active interest in college affairs, especially those pertaining to Y. M. C. A. and literary society work. He was a member of the Phi Kappa Psi fraternity and following his graduation was elected to membership in the scholarship fraternity of Phi Beta Kappa. After leaving Vanderbilt, he was Assistant Principal of the Opelousas, La. High School, resigning this position at the end of two years to enter the Harvard Law School. He had completed one year of the law course when death occurred, and was doubtless the best educated man in Hickman. He was a faithful member of the Methodist Church, to which he had belonged several years. He was initiated on Aug. 10, 1908, into Hickman Lodge No. 761, Free & Accepted Masons, and raised to the sublime degree of a Master Mason on Feb. 8, 1909, at Opelousas, La. At the same place he took the degree of a Royal Arch Mason, and it is certain Masonry never had a more faithful and conforming member.

Just ahead of him lay a bright and promising future. All that Christianity, noble character, honesty, intelligence, kindness and simplicity means in the strength of manhood were exemplified in his daily life. In every sense, he was a model young man. His untimely death is doubly sad because he was young—just in the flow of young manhood—and had strived so hard to reach the place he had barely attained.

Funeral services were held at the family residence Friday morning at one o'clock by Rev. G. W. Wilson and H. J. Gelpner, who spoke in fitting words the beautiful tribute which his life deserved. Flowers—the silent token of esteem of his many friends—literally covered his bier. Final services were held at the grave by the Masons in a most impressive manner, burial taking place at the City Cemetery.

He is survived by his mother, Mrs. Alice Amberg, and three brothers, Henry, Victor, and Willie, besides a number of other relatives, who have the sympathy of their many friends in this dark hour of sorrow.

All the girls are weighed, and the weight of each written on a piece of paper and put into a hat and the young men must draw. The young man must go to supper with the girl whose weight he draws, and must pay for her supper at one-half cent per pound. It is very exciting, so far as the young men are concerned.

Mr. Bond Writes.

Spicer & Sexton, Publishers,
Hickman, Ky.

Dear Sirs:

I am very much pleased at the good results obtained by advertising through the Hickman Courier. In carrying up my subscription, my first move was to arrange for advertising with you and most of the lots have been sold as a result even though it has been but nine months since I started. If a person has something good to sell and will let the public know through your paper, he will sell quickly.

You are making no mistake in building up a good paper as Hickman has a great future and you will be well rewarded. With the coming of the new railroad from Fyersburg, the one across the river, the new up-to-date river transportation, opening of new land and increase in cotton acreage, building of good roads, extension of telephone lines and schools continued increasing of Menard's plants and advertising the town through the gun shoot and other sources, we are going to see wonderful improvement in the next few years. An indication of this is the number of people who are moving to Hickman and those continually seeking business locations there.

Realizing all these things and the necessity for more business houses, I have opened up a business addition of Richmond & Bond Co.'s property because it is right in the place where these new business houses are needed. I have arranged part of this for retail and part for wholesale stores, with the railroad track in the rear for receiving car load goods.

In opening up this subdivision my first move is to tell the public about it through your paper and I expect to get the best results and sell the

lots quickly. I have just ordered my subscription renewed as your paper is full of good news. Wishing you continued success in your enterprise,
Yours very truly,
G. H. BOND.

Was a Good Man.

We deeply regret to learn on August 22, of the death of James A. Walker, of Hickman, Ky., uncle of the Herald editor, who passed peacefully away on August 16, 1910, aged 62. Revival Will Close.

The revival at the Christian church will come to a close Friday night, we understand. Withal it has been a very successful meeting and attendance has been fair considering the extreme warm weather. There have been two conversions and one reclaimed. Rev. Wyatt, of Paducah, who has been holding the services, is an interesting and well informed minister, and none of our people should have heard him.

OIL FOUND IN ILLINOIS

Drillers Make Rich Strike at Two Thousand Feet Deep Nine Miles From Greenville.

Greenville, Ill., Aug. 23.—The "Producers' Oil Company" drilled into oil sand at the Brown's Mill well, nine miles west of Greenville, with remarkable success, as shown by the volume of oil brought to the surface. A sample of the oil, struck at 2,000 feet, were brought to Greenville and show a superior grade. The rope on the derrick shows the hole had filled up to a depth of 125 feet at the time the derrick was drawn from the hole. The pressure indicates a strong flow.

Illinois Led Wading Browns. Princeton, Ind., Aug. 23.—Milton G. Krebs, 30, son of L. W. Krebs of Mount Carmel, Ill., was drowned while wading in White river at Kelly's rapids. The boy was a member of the Red White club, camping here.

Earthquakes in New England. Lowell, Mass., Aug. 23.—Earth tremors accompanied by heavy rain-balls caused considerable alarm in this city and surrounding towns. The shocks lasted several seconds but did no damage.

A Powerful Beacon. New York.—To guide ocean liners into New York harbor, through the giant \$4,000,000 Ambrose channel, is now nearing completion on the hills of Staten Island a powerful beacon. The lamp itself will give a light equal to 1,000 candle power, which is increased to nearly 1,500,000 candle power by means of the reflector and lens. Such a light will be discernible for no less than twenty miles at sea. The oil used will be vaporized kerosene which, next to electricity, gives the brightest light known at the present day. The cost of the light will exceed \$50,000.

Alfonso's Narrow Escape. Madrid.—Few men of his age had so many narrow escapes as King Alfonso of Spain, who was twenty-four May 17. His life has been attempted twice, in Paris during a state visit there, and in Madrid on his wedding day. He has been in several motor accidents and on one occasion nearly succeeded in killing the Spanish minister of education as well as himself. When trying a reaping machine at La Perda some years ago he became entangled in the machinery, and might have been killed if the engineer had not stopped the movement instantaneously.

Air Line London to Paris. London.—Lady Ably, wife of Sir William Ably, has offered \$250,000 toward the promotion of an aerial passenger line between London and Paris.

Sullivan Bros. Here.

Sullivan Bros. is the style of a new firm that is getting ready for business in Hickman.

They will be located in the building formerly used by Edgar Naylor as a book store, and expect to be ready for business Saturday. A good portion of their goods is here now, and the three members of the firm are busy getting things shaped up. Their line will include clothing, furnishings, goods, etc., which will be more fully explained in their announcement next week.

The firm is composed of three brothers—H. C., T. T. and C. C. Sullivan, of Mayfield and are experienced men in this business.

HERMIT KINGDOM PART OF JAPAN

DISORDERS FOLLOW CLOSE UPON
ANNEXATION OF KOREA
BY NEIGHBOR.

NEW PROVINCE CHO SEN

Mikado Promised Protection, But Annexes Peninsula and Population of 13,000,000—Army Ordered in Readiness.

Tokio, Aug. 30.—Disorders have broken out in Korea, according to private advices received here, coincident with the formal announcement that the old "Hermit Kingdom," independent for more than 4,000 years, is now the Japanese province of Cho Sen.

The annexation has caused great excitement in Japan, although fully expected. Rejoicing is general, save in radical circles. The socialists have attempted to make capital of the move, pointing out the definite pledge of the maintenance of Korea's independence.

Censorship is Strict. The censorship is strictly maintained, and the actual conditions in the peninsula are not definitely known. It is certain, however, that outbreaks have occurred at several points.

The army of occupation has been ordered ready for instant service, and the patrol of the coast by warships is being continued with vigilance.

By the annexation Japan gains a prize that has been practically within her grasp since her successful war with Russia. Her area is increased by 32,000 square miles and her population by approximately 13,000,000.

Japanese-Korean Agreement. China renounced her claim on Korea by the treaty of Shimonoseki, in 1895, when Japanese influence in Korea became predominant. In February, 1904, the Japanese-Korean agreement was signed at Seoul, whereby Japan undertook to insure the safety of the Korean imperial household and guaranteed the territorial integrity of the country.

A strong military force will have to be maintained for several years in Korea, it is believed, to hold in check the younger part of the population, which has always opposed annexation and has resorted to numerous assassinations in the last few years.

The High School Course is free to all pupils in Fulton County.

Col. Roosevelt is making one of his spectacular tours through the western states, reviewing parades, making speeches and receiving the plaudits of uproarious crowds of cowboys, soldiers and Indians. His tour will take him through fourteen states. What is he fixing for?

The last legislature passed a law increasing the compensation of judges for the board of prisoners to 75 cents a day. The Attorney General gives it as his opinion that the law does not apply to judges now in office, as it is in contravention of the constitution of an officer during his term of office. And yet the increase of \$1200 a year in the salaries of circuit judges was held to apply to judges now in office. But that is a gray horse of another color.—Clinton Gazette.

Resolution of Respect.

Whereas, The Death Angel has again visited Fulton Lodge No. 83, I. O. O. F., of Hickman, Ky., and called upon us to mourn the loss of one of its beloved members, Tom Dillon, Jr., who passed over the dark river to his heavenly reward, Wednesday, the 24th day of August, 1910 at his home at Mrs. Ramages, in Hickman, Ky., terminating a long, instructive career with the lodge and benefitted his brothers and fellowman during his residence here, and knowing his worth and merit as we do and desiring to add our appreciative words of his many excellent qualities; therefore be it

Resolved, That in the death of Bro. Dillon the I. O. O. F. has lost a true and faithful member, whose zeal for getting and doing and keeping things right marked his many years of useful membership in the lodge and has left the example of a true and noble life for the Fraternity to pattern after and for its uplift and betterment.

That, We tender to his relatives and friends outside this lodge our heartfelt sympathy in this sad hour of separation, believing that a happy and eternal reunion in that home beyond the skies awaits them and us.

That, As an officer of the Fraternity and as an officer of the law he justly earned that welcome plaudit, "Well done thou good and faithful servant; come up higher."

That, As a tribute to the memory of Brother Dillon that the Lodge wear the usual badge of mourning for thirty days; that these resolutions be spread upon the minutes of the Lodge Book and a copy be furnished the Hickman Courier and copies of the Hickman Courier be sent Tom Dillon, Sr., Mrs. Ramages, Jao. T. Dillon and Mrs. Jessie Dillon.

Linder--Threlkeld.

Elmer Threlkeld and Miss Lottie Linder, well known young people of near this city, were married at the country home of the bride last night at 8:30, Rev. Smith, of Jackson, Tenn. officiating. After the ceremony, refreshments were served and the friends and relatives of the contracting parties made merry until a late hour.

The bride, an accomplished and charming young lady, is well known to many of our readers, and is loved by her entire circle of acquaintances. She is the daughter of Mr. and Mrs. S. H. Linder.

Mr. Threlkeld is a son of Mr. and Mrs. G. B. Threlkeld, one of the oldest and most highly respected families of the county. He is a prosperous and energetic young farmer, and is held in high esteem by his many friends.

Further particulars next week. The Courier joins their friends in wishing them a bon voyage on life's sea.

Mother and Father have had no GOOD photos made for a long time. Do It Now, By Gish.

Speaking of the teachers' institute at Fulton this week, the Tribune says: Prof. B. F. Gabby, of Hickman, had a very interesting paper, and each one enjoyed and profited by it. Prof. Gabby is a very able instructor and one that our county and Hickman may feel proud of. Miss Dora Smith is also coming up to her old record and sustaining her reputation as one of the most efficient county superintendents in the state.

The U. S. Monitor Amphitrite which strated up the Mississippi to St. Louis and was completed to tie up at Memphis on account of low water, will remain at Memphis this winter for a thorough overhauling.

Mrs. Caroline Chedester, died Aug. 12, at the home of her daughter, Mrs. Ida J. McCreedy, in Black Rock, Ark. She is survived by her daughter and son, A. L. Chedester, of this city, 5 brothers and 2 sisters. She was 67 years old.

Woman.

Woman wears the diadem and mystic keys of deep and innerknowledge. Muscle represents material strength, but not the sign of human superiority. Woman's abiding powers raise her above necessity for the armour of physical corporeity, the refinement of her frame revealing the swift vitality of nerve. Her sceptre is empyreal, because it is founded in the security of sublimated authority. Upholding masculine qualities in their realism. Woman's reign is the triumph of humanity, in the intentional standard of her attainments and in the mystery of her supreme exaltation.

Her voice is rule; her smile is empire; her wisdom is command; and her right is dominion.

The departure of summer leaves us sad, when we look around us and notice the absence of all the treasured plants that brightened our gardens and homes. "Blessings brighten as they take their flight," and the quenching of so much song, sunshine and sweetness that we have enjoyed through the fleeting months of summer, naturally brings a feeling of depression. We visit the places once filled with summer splendor and find no more the brightness that was wont to gladden us as we wandered by the silvery stream, beneath the wide-spreading boughs of oaks that stretched their emerald arms to support the tender clinging vines now brown and sear. The air is full of echoes of departed joy. But to some the cold, fresh days bring a renewal of health and happiness, while to others a sense of something gone from out our lives. Though our nest has been rifled and we mourn over empty shells so suggestive of joys and hopes that once were ours, there must remain in the heart an assurance that the summer will come again bringing with it all the fresh gladness that has left us. Ah, no, not ended, we have extracted its honey and distilled its dew, and the song we fancied had come to an end is laid away, to be put in tune at a warmer, brighter day. Nature must change her melodies. She sings in a major key for a time, but the plaintive tones of the winds as they rustle the dying leaves bring, if not a gladness, still a soothing feeling, like some noble psalm that is more elevating than the turbulent trill of the summer warblers.

Look for the Sunshine.

How much of sorrow this life holds for even the brightest and most favored of human kind, how every cup has its dregs, and every life its shadows; how empty and unsatisfactory are the highest goals to which we may climb in the world's opinion; how the favors for which we labor so hard, with a single turn of fortune's wheel may be snatched from us. And we thought: Is Heaven a sufficient recompense for all we make here? Will the heart that finds no restful peace in fame or honor, or even love find peace beneath the throne, that will endure an endless eternity?

We had begun to doubt when quickly came the thought, "Look for the sunshine" and with the thought, the sun burst through the clouds, and shone through the window upon the paper on which we wrote. The glass paper weight caught its rays and reflected them in a halo of colors as fairly resplendent as a jeweled crown. We rested from our work and basked in its light.

Look for the sunshine and it will come. The clouds are transient as things of earth; the sun is always behind them and sometimes when we least expect it the glorious light will shine through.

A Woman's Sphere.

They talk about a woman's sphere. As though it had a limit; There's not a place in earth or heaven, There's not a task to mankind given, There's not a blessing or woe, There's not a whispered yes or no, There's not a life, or death or birth. That has a feather's weight of worth Without a woman in it.

Women of the world are usually the queens of the home. Let this light reflect around this revolving world; woman's real work is on character, her surest weapon is influence.

Every wife should be the mistress of her own home. But the grandmother and the mother-in-law should be the most welcome and the most respected of all visitors.

A little kindly courtesy goes a good

WORK WEAKENS THE KIDNEYS.

Doan's Kidney Pills have done Great Service for People who Work in Hickman.

Most Hickman people work every day in some strained, unnatural position—bending constantly over a desk—riding on jolting wagons or cars—doing laborious house work, lifting, reaching or pulling, or trying the back in a hundred and one other ways. All these strains tend to wear weaken and injure the kidneys until they fall behind in their work of filtering the poisons from the blood. Doan's Kidney Pills cure sick kidneys, put new strength in bad backs. Cures effected in this locality form the strongest proof of their efficiency. Read this testimony:

J. F. Eddleman, Barber, Pleasant Port, Ky., says: "Anyone who follows my occupation requires a strong back, for the long hours spent at the chair, bring a steady strain on the muscles of the loins. I was in pretty bad shape and could not work with any degree of comfort. Doan's Kidney Pills were finally brought to my attention and willing to try anything that might check the trouble I procured a box. They promptly relieved the pain in my back and the kidney secretions which had been scanty and distressing in passage, became natural."

For sale by all dealers. Price 50c. Foster-Milburn Co. Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

ways in a busy household and if our home we use the same politeness we offer our guests we shall have no ill-fitting company members.

The unmarried woman works for necessity, for love of her dependent ones for love of some beautiful or beneficent profession, for sweet mercy and charity to the ignorant, for horror of dependence upon those on whom she has no claim—sedition for business, ambition or material accumulation.

While a man admires womanly beauty, yet in married life he admires much more—a good square meal cooked by his loving spouse and let a wife have little or no knowledge of the art of housekeeping, domestic economy, or is a poor cook he her husband rich as Croesus, her lot will be miserable.

Creation advanced from the simple to the more complex, from the low to the high. Man is later and higher than the fish of the sea, the birds of the air and the beasts of the field, and woman is later and higher than man—last and highest work of creative energy. In woman the dust of the earth reaches its ultimate possibilities. It is susceptible of no finer organization.

In every home where there is a baby there should also be a bottle of McGEE'S BABY ELIXIR. It may be needed at any time to correct sour stomach, wind colic, diarrhoea or summer complaint. It is a wholesome remedy, contains no opium, morphine or injurious drug of any kind. Price 25c and 50c per bottle. Sold by Hickman Drug Co.
